Midstate Chamber of Commerce

ABOUT CHAMBER MEMBERSHIP

The Midstate Chamber of Commerce, a membership-based organization, supports businesses at every stage of growth in central Connecticut. We are an independent not-for-profit 501(c)(6) organization founded in 1896, separate from city and governmental entities. Our activities are bipartisan, not affiliated with any political party.

Our members include companies in manufacturing, education, technology, healthcare, communications, restaurant and hospitality, transportation, retail, and business services and are all sizes, including solopreneurs and retired individuals. We have non-profit and for-profit representation on our Board of Directors.

The Midstate Chamber of Commerce's leadership strategically guides our initiatives and supports our members, as they are integrally part of the community themselves as stakeholders. As a trusted resource, we refer companies to services, entrepreneurs to funding partners, students to mentors, and the public to local, trusted businesses that make up our membership.

The Chamber is proud to partner with the City of Meriden and the Black Business Alliance on workforce and economic development initiatives.

The Chamber focuses on four pillars to drive our program of work:

- **ADVOCATE**
- **EDUCATE**
- **PROMOTE**
- **CONNECT**

Our committees plan programming and events throughout the year. We partner with community organizations to host job fairs, seminars, and business expos, while helping to extend the reach of members' marketing efforts through digital/print campaigns.

SHARING RESOURCES HELPS MEMBERS MEET THEIR GOALS

We eagerly welcome opportunities to partner throughout the business community. These include:

- CEDF (Community Economic Development Fund)
- Workforce Alliance
- U.S. Small Business Administration
- Connecticut Department of Economic and Community Development
- Meriden Economic Development Corporation (MEDCO)
- SCORE (Service Corps of Retired Executives)
- The Meriden Daffodil Festival
- The City of Meriden's Economic Development Department
- The Black Business Alliance
- SAMA (Spanish American Merchants Association)

The **Finance Committee** creates the annual Chamber budget and provides a quarterly detailed review of our financial statements.

The **Golf Committee** organizes our annual charitable golf tournament and solicits sponsorships, whose proceeds fund our Sanford S. Shorr education awards.

The **Government and Business Development Committee** monitors local, state, and federal legislative issues impacting the business community and its economic growth while planning programming in collaboration with the CBIA and the U.S. Chamber of Commerce.

Our **Health and Wellness Council** is dedicated to identifying and promoting best practices in health and wellness through advocacy for healthcare access, policy review, and community programming.

The **Hispanic Outreach Leaders in Action (HOLA) Committee** strives to engage Hispanic individuals and businesses and assist them in obtaining exposure, growth, and involvement in the community.

The **Marketing and Publicity Committee** directs the Chamber's marketing efforts through print campaigns, email marketing, website content, and social media. They assist with developing relationships with the media and share industry knowledge of best practices.

Join our **Membership & Ambassador Committee** to assist in retaining current members and recruiting new members. Ambassadors actively participate in membership drives, attend monthly Meet & Greet Events, and relate feedback from prospects to the committee.

Nutmeg State Chamber Alliance

In 2019, The Midstate Chamber of Commerce and Hamden Regional Chamber of Commerce created the Nutmeg State Chamber Alliance - the first of its kind in Connecticut. This partnership is not a merger, but rather, a concerted effort to best support individual chamber members on both a local and a regional basis. With a combined membership of over 900, we have a greater impact both on the state business climate and with elected officials on the local, state, and federal levels.

This unique model retains the local Chamber's Boards, Presidents and Staff while establishing a new Alliance

Board made up of representatives from both organizations. The model also creates an opportunity to best support our member businesses of all sizes.

Highlights include: continued focus on local activities and businesses, more opportunities to connect (individuals and businesses), greater outreach to more markets, many combined events, activities, committees, increased advocacy

and influence, more in-person interaction to grow our businesses, and larger geographic region in which to work. Currently over 200 members have a dual membership and are taking advantage of all that the Alliance has to offer!

Members enjoy reduced rates to join each chamber, allowing for even more exposure for their business! Visit our website to learn more!

In 1785 the town of Berlin was incorporated, with history of purchases and settlements starting as early as 1659. In the middle of the 18th century, emigrants from Ireland set up the first winware business pedaling their wares from house to house. Therefore Berlin became the birth place of "The Yankee Peddler." In 1886, the State Legislature granted a charter for what became the Berlin Fair which is still held annually on the first weekend in October. The Town council-Town Manager form of government was instituted with a charter revision in 1995-96. Visit for more about Berlin, CT:

AREAS WE SERVE: MERIDEN, CT

The town of Meriden was founded in May 1806 and became a City in June 1867. Meriden was originally part of Wallingford. In 1727 it was granted a separate meetinghouse, named for the town of Meriden, West Midlands, England. Myth has it that it was named after the Merry Den Tavern that was located near present day Route 5. The oldest house still standing is the Solomon Goffe house built in 1711. In the 1800's Meriden earned the nickname "Silver City" due to the large number of cutlery and related products which were manufactured here by several companies including International Silver and Meriden Cutlery. BUSINESS READY

Since its inception in the 1800s, central Connecticut has remained a strong business community. Our manufacturing sector produces a wide variety of products, including aircraft/communication equipment, engine gaskets, nuclear instrumentation, specialty metals, medical equipment, and specialty food products. Its ideal location attracts diverse businesses and their employees.

Connecting the communities of Meriden and Wallingford is Research Parkway, an industrial research and development office area. It consists of approximately 1,000 acres of land (half in Meriden and half in Wallingford) along a three-mile section along Route 91, where a number of national and international companies' offices reside.

The area offers an abundant supply of natural gas and electric energy to power businesses and industries on

a large scale. Also available are wired and wireless communication services, including multi-carrier cell towers, satellite, wired broadband, DSL and multiple public and private wireless internet access sites. These provide a solid foundation for an abundance of service sector jobs.

Sections of Wallingford are designated as Enterprise Zones and offer attractive incentive benefits, including tax abatements for eligible business projects. The Meriden Information Technology Zone offers various tax incentives and abatements to qualified tech businesses in the zone.

The Record-Journal is the local newspaper. Other regional papers include the Hartford Courant and New Haven Register. Meriden is home to WMMW (AM) and is the city of license for WKSS-FM. CT Public Radio, WNPR – FM90.5, broadcasts from

PARKS AND RECREATION

Meriden and Berlin share the hanging hills which provide for excellent hiking. Berlin also has the Metacomet and Mattabassett Trails, which traverse Berlin's ridges, and are of volcanic origin. They offer good hiking terrain, an outdoor experience, nature observation and some surprising vistas. There is also the Hatchery Brook Conservation Area which offers the public the opportunity to enjoy nature walks with marked trails through fields and woodlands.

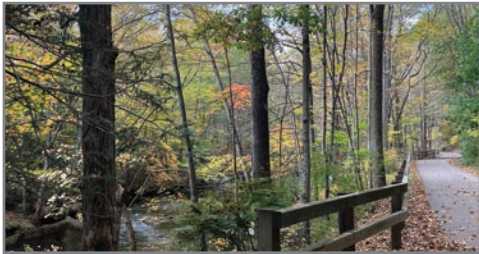

Hubbard Park's Castle Craig rises 1,002 feet above sea level and is

a regional landmark and the logo silhouette of the Midstate Chamber of Commerce. Castle Craig is located inside Hubbard Park, which also offers skating in the winter on Mirror Lake, tennis courts, a pavilion, playground, bandshell, swimming pool, hiking, and picnic facilities.

Wallingford has many parks and facilities as well, including dog parks and pavillions to enjoy the outdoors. The Quinnipiac River Linear Trail offers walkers, runners, and bikers beautiful scenery to stay fit. The 96-acre Wharton Brook State Park offers visitors a wooded environment for swimming, hiking, fishing, winter ice

skating and more. A food concession stand as well as full toilet facilities are also found on the site. Located on wooded, sandy knolls, Wharton Brook also offers solitude for a quiet, peaceful picnic.

The Meriden Green, a 14-acre flood control/park and economic development project located in the heart of downtown Meriden, formerly known as the Hub site, includes several key features such as a public park, pedestrian links to the transit center, and an amphitheater.
